RE: Olin Corp./McIntosh Superfund Site
McIntosh, Alabama - Revised Schedule

Dear Mr. Brown:

Please find enclosed EPA's requested modification to the schedule submitted on February 28, 1992. This modification will provide adequate time for EPA review and approval of deliverables. EPA review time is based on the quality of the documents received and how they address the guidelines that they are intended to fulfill. I am willing to meet with you and/or your representatives to discuss EPA's expectations regarding future submittals. Hopefully, the modified schedule will ensure that all interests and concerns, both EPA's and Olin's, are addressed effectively and in a timely manner.

I will consider modifications to this schedule if adequate justification is provided in a timely manner. Your response is requested on or before July 17, 1992.

Sincerely,

Cheryl W. Smith
Remedial Project Manager
South Superfund Remedial Branch
